-Go to Oren & Saeger's, New Point, for your Boots & Shoes. An immense stock just received direct from the factory. We can and will give you as good bargains in this line as any house in Holt county.

-Wils Kennedy says he is going to "hang up the shovel" and quit farming. The reason of this sudden resolve is that Wils has traded for a patent churn, and has for his territory seven counties in this state. He says he is sure to make his "Jack," as he can churn a pound of butter from a quart of milk. Here's success, Wils.

-The following is the report of the Schaeffer School, for the month ending, November 24th: No. of pupils-enrolled, 46; No. days attended by all pupils, 408; average number attending each day, 25; those perfect in attendance were: Samuel Jesse, Henry and Mary Chesney, Charlie and Mattie Schaeffer and Jimmie Walker.

-The National Business College of Kansas City, Corner 9th and Main Street, is doing a grand work in the way of giving a business education to young men. This school is exclusively for teaching the business branches. A short hand and type writing institute is also separate for teaching those branches. Prof. H. Conn is president of this college, and a letter addressed to him will bring in return the college catalogue containing full information, etc.

-Next Monday night at the M. E. Church will be given the second of a series of entertainments under the auspices of the Normal School Society. It will be remembered that the proceeds are to go toward supplying the school apparatus. We congratulate the young people in their enterprise and the public on the privilege afforded them of hearing one of the greatest eloquentists of the age. Prof. Meek. Doubtless there will be a crowded house. Tickets for sale at Anderson & Cummins'.

-The Oregon Gazette says: The prolonged and continued absence of rainfall has become a matter of serious concern to this section of Iowa and particularly to the people at Oron and vicinity. The C. B. & Q. company, finding their water supply at the reservoir about to fail them, with no prospects of relief from on high, were driven to the expedient of putting on a water train for the purpose of transporting aqueous matter from Grand river to the reservoir, a distance of twelve miles. The train consists of a number of flat cars each carrying three huge tanks with a capacity of several thousand gallons. The tanks are filled by means of a steam pump. If there is not an abundance of rain before winter sets in, many men will be thrown out of employment at the shops and on the road.

-Anderson & Cummins have Seventy-five extra coats they will sell at Prices that none may go uncollected.

-Dan Martin has just received two elegant cutters that he will sell cheap.

-Quite an interest is being manifested at the revival being conducted at the Holton church by Rev. Weeger.

-Mrs. E. P. Hoetter can get you up a dish of fresh oysters in any style and we guarantee you will be satisfied.

-A. J. Jimison has purchased the A. N. Stevens place, 160 acres, two and a half miles south of Oregon. Consideration, \$1,500.

-Mrs. Staley, of the Benton neighborhood, who met with such a severe accident, Saturday evening two weeks ago, is now able to be around again.

-The Kunkel Mills are now running to their fullest capacity, having plenty of water to do all the grinding that comes in. Go now and have your grists ground.

-Married, at the residence of the bride's parents, in Matt and, Mo., on Thursday evening, November 18th, Mr. Elmer Hunter and Miss Laura C. Oursin. Rev. W. M. Sapp, officiating.

-Hoffmann & Alkire have an 80 acres of land with orchard, brick dwelling house and other improvements; situated 80 rods from a railroad station. Will sell at a sacrifice. Go and see them. The price will absolutely surprise you.

-The following is the report of the Benton school, Susan Becker, teacher: Enrollment, 53; days attended by all, 937; number pupils attending each day, 48; days taught, 19 1/2; Quite a large number were present every day during the month.

-For good goods, cheap as the cheapest, go to Oren & Saeger's, New Point. They carry a full line of Dry Goods, fine and cheap Dress Goods, Groceries, Boots, Shoes, Hats, Caps, Etc., and will not be undersold by any firm in the county.

-Mark Amos, who has been running a paper at Harwood in the southwestern part of the state, is visiting his brother, John F., near New Point. He is a printer and newspaper man, having been engaged in the business ever since the war.

-To those desiring a cheap bed spring, and although cheap, it is one of the best and most durable springs made, we can conscientiously recommend the Wheeler Spring Bed Room for sale by John Foster, of this city. He has several on hand now. Give him a call and get one of the best springs made.

-Leaving hedge brush along the highway is a nuisance and punishable by a heavy fine. The law is very explicit in the matter and parties who have violated it should be more careful in the future. Hedges bordering on highways should also be kept trimmed to the proper height. Parties having hedges should also be particular in keeping them within the limit of this section of the law.

-Last week we made mention that E. F. Welles had been chosen to the office of secretary of the Fair Association. We were in error on this matter, for, at the meeting, Saturday, Prof. J. F. Kellogg was chosen to succeed him.

We are satisfied it has fallen into competent hands as Fred is a hustler, and will not doubt keep the fair up to the standard and in all probability make many valuable changes. - Mattland Herald.

-Ladies, you may not believe it, but it is a fact, Markland has a larger and better selected stock of fine shoes than any other dealer in the county. But it is reasonable to suppose that he has, for he makes it an exclusive business, and guarantees to give you a good fit, good goods, and save you 25 per cent on every purchase. Call and see him before buying. He will be found north side Public Square, first door west of City Hotel.

-The time of year is close at hand when twelve coils of young men and women got together, and with a half barrel of crackers, fifteen cans of pepper sauce, go to a friend's house, where they eat up all the marketing, and kick holes through the best carpet on the place, and go away at two o'clock in the morning to tell what a "delightful surprise party we have had," and probably it will be to every one except the proprietors of the house.

-The Scientific American, published by the great patent agency firm of Mann & Co., New York, is the most practically useful publication of its kind in the country. Indeed, it occupies a field distinctively its own. Not alone for the mechanic, manufacturer, or scientist, but it is a journal for popular and study. It is the standard authority on scientific and mechanical subjects. It is placed at a very low rate of subscription, \$5 per annum, which places it within reach of all. No subscriptions will be received at this office.

-There are papers and papers, but Western farmers, stock raisers and business men have learned by years of experience that they are always safe in relying on the long-established Weekly Live Stock Indicator, of Kansas City. For the quantity and quality of its matter it is unsurpassed, and as an accurate mirror of the live stock, grain and produce markets it is invariably consulted and quoted both East and West as the standard authority. Its low price of \$1.50 per year, or five copies for \$5 (if sent in at one time), puts it within the reach of all, hence there is no reason why the poor man should not be as thoroughly posted as his more fortunate neighbor as to where, when and how to sell at the highest and buy at the very lowest prices. The SENTINEL advises all its wide-awake friends to address The Indicator, at Kansas City, for a free specimen copy, and see for themselves if we have not spoken correctly.

-Rudolph Uhlen, and wife, of St. Joseph, spent Thanksgiving in Oregon.

-Will you call and see our new fall stock. Fresh goods and low prices. We are bound to sell it low prices and good qualities have any effect. Kreek & Watson.

-List of unclaimed letters at Oregon, Missouri, Postoffice, November 30th, 1886: H. G. Buckingham, Mrs. Rebecca Crow, Mr. W. P. Carthers, Martin Dugger, Daniel Ettinger, Mrs. Hadleigh, Will Judd, Mrs. J. Noel, Permea Putter, Miss Mary Ridge, A. J. Russell, Jane Stevens, C. C. Weaver, Walters, Charley Weaver, C. C. Weaver, Ann Wheeler, D. M. Cleveland.

-We are informed by our fellow-townsmen, Neal Silvers, that he is about to receive a pension of \$2.00 per day for the time he was in Andersonville prison. He was a prisoner for about thirteen months and will receive about \$600. Major Rozell was an inmate of this prison also, but we have not learned how long. These are the only ex-prisoners around here that we have heard of so far. - Mattland Herald.

-Phil J. Zilles writes in a pleasant letter from his home in Washington, Kansas, and encloses a postal note to \$1.50 that he wants the SENTINEL to keep on coming, and having never heard from our young folks to send us, hopes the cash will be acceptable. He says Kansas is still the same booming country, "sin a horn," and that they have a little spell of weather that is called a gentle zephyr. Thanks for remittance, Phil and may you prosper in our sincere wishes to you.

-Daniel Kunkel has selected W. R. Hoffman as his deputy county clerk. The selection is one that is not only acceptable to Mr. Kunkel but to his warm supporters. At first glance it may seem that Will is making a bad move in giving each other what was growing into a good legal practice, but young attorneys, dependent upon their own resources only, are of en compelled to take advantage of such positions. This will not only assist him financially, but it will advance him in his profession. Deputy county clerk, by the way, is no mean position, - paying as it does more than either the office of probate judge or prosecuting attorney.

-There are in the counties comprising the Fourth congressional district, Andrew, Atchison, Holt, Nowaday, Buchanan and Platte, 855 persons who receive pensions from the government, and are paid the aggregate sum of \$95, 139.96 annually. Of this number 669 are invalids, 129 are widows, 32 are dependents, four are survivors of the war of 1812, 25 are widows of soldiers of the war of 1812, and 5 are minors. Of this number 104 reside in Andrew county and receive \$1,713.00 monthly; 60 in Atchison county and receive \$658; 227 in Buchanan county and receive \$2,182.75; 51 in Platte and receive \$316; 127 in Holt and receive \$1,372.25.

-With the receipt of the usual prospectus and announcement of this, the best of all lady magazines, viz, Godey's Lady's Book, we notice that it has distanced all its competitors in securing for the literary corps two such stars as Miss Rose Elizabeth Cleveland (our President's sister) and the best known of all fashion writers, Jennie June, whose articles of eminence in the January number like all mine, Godey's seem to grow better with age, and we hope our lady friends will show their appreciation of enterprise by sending their subscriptions (only \$2.00 yearly) for our old and esteemed friend, Godey's Lady's Book, Philadelphia, Pa. See prospectus in this issue. The SENTINEL and Godey's for only \$3.00.

-The third in the series of original engravings, which the American Agriculturist is presenting to subscribers, appears with the December number. It is 18 by 25 inches in size, illustrating Mount Vernon, Washington's birthplace, farm, tomb, etc. Donald G. Mitchell (18 Marvel) writes the excellent description, which contains unexpurgated letters of Washington. Send six cents to publishers for sample proofs of the engravings and sample copy of the American Agriculturist. The next engraving in the series illustrates the early home, farm at Mount, stock, etc. of President Garfield, together with a description by a prominent writer. We will club the American Agriculturist with the SENTINEL for \$2.50 per year, every person who immediately subscribes to receive the engravings free for next year and this year also.

-Report of Forbes school, J. E. Campbell, teacher, for the month ending November 12th. Enrollment, 57; average daily attendance, 49. The following pupils received a grade of 80 and 90 per cent. at the examination at the close of the second month: Principal department; 90 per cent. - Willie Carter, Cora Evans, Don and George Morgan, Burdie Wise; 80 per cent. - Rosie Beasley, Gerrie Evans, Mary Metcalf, Eddie Wilson, Roy Shirley, Ella Perkins, Willie Metcalf, Jessie Ridge. Primary Department - 90 per cent. - Sam Pallen, George Cooksey, J. W. Carter, Bertie Wise, Mike and John Quinn, Ed. Morgan, Tilla Carter, Edna Morgan, Della Wilson; 80 per cent. - Julia and Jennie Metcalf, Mary Albert and Susie Cooksey, Dora Beasley, Charley Carter, Maggie Winston. Miss M. T. Gibbs, teacher of Primary Department.

-When Baby was sick, we gave her Castoria, When she became a Child, she cried for Castoria, When she became a Woman, she clung to Castoria, When she had Children, she gave them Castoria.

-Able writers have of en commented upon the wonderful charge of the army of the Cumberland upon Missionary Ridge, and poets have versified Hooker's fight with Bragg above the clouds on Lookout Mountain, but it was left for Doctor Asher Goslin of this city, to, for the first time portray from the lecture platform the scenes of both these engagements to an Oregon audience.

Nov. 25th, 1863 is a memorable day in the annals of the late civil war, and was made so by the terrible & enormous conflict which freed Chattanooga. Grant had been successful in the west, and was hurrying his forces to the relief of Rosecrank, who, after the battle of Chickamauga, had fallen back and fortified himself on the Tennessee river. Bragg had drawn the coils of his master army around three sides of Rosecrank's fortifications, and virtually "bottled him up." Burnside was threatening Bragg's rear, so Bragg sent Longstreet east to keep Burnside off, and immediately Grant, with Hooker on his right, Sherman on his left, and himself in the center pushed forward his whole line with indomitable and indefatigable determination, and pushed Bragg completely from the field. It was a glorious victory, and was heralded throughout the North with great joy. Abraham Lincoln, then President of the United States, immediately set apart a day for thanksgiving and prayer.

And how in keeping with that, was the lecture on last Thursday evening! How naturally thanksgiving and the incidents of war seem connected with each other! Last Thursday had been set apart by our President and all our governors as a day of Thanksgiving, and how befitting was the lecture of Dr. Goslin at that time on these great battles. This lecture of Dr. Goslin's was undoubtedly the best effort of his life. He told of the military tactics used; he told us of the carnage; and he related his personal scenes. He was in these engagements, in person, acting as an officer commanding men, and he "fought the battle over again," as it were, on the evening of the 25th inst. All honor to Dr. Goslin, and long will he be remembered by his many Holt county friends who were so lucky as to hear this intellectual treat. The entertainment was given under the auspices of Christ Meyer Post G. A. R. of this city and had been well advertised; consequently quite a goodly number present from other counties than Holt and a few from White County, Kansas.

After Dr. Goslin's lecture concluded, Judge elect Anthony, of Maryville, took the platform
